

## UNIT 2

# Water

### Learning Objectives

The learners

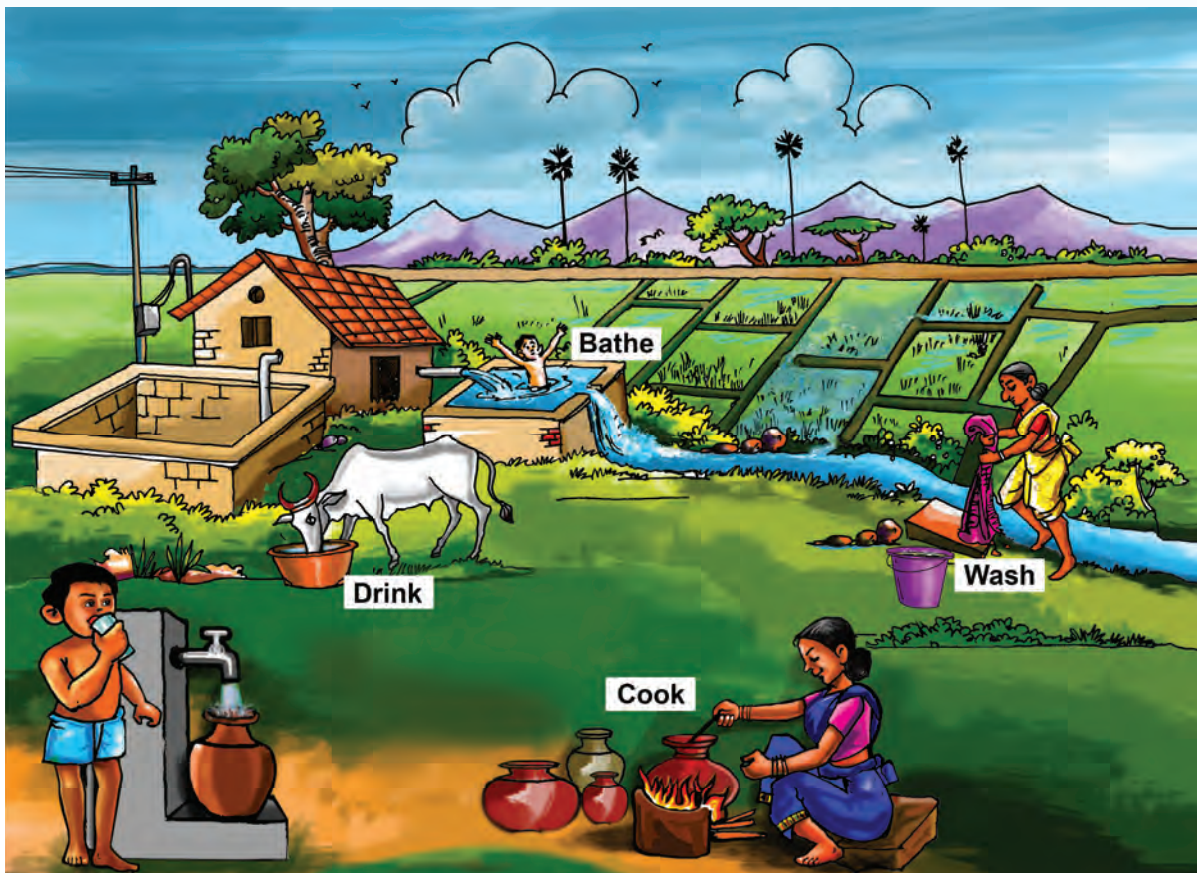

- 💧 List out the various uses of water
- 💧 Conduct simple experiments with water
- 💧 Become aware of saving water

### Water in our Life

#### Let us Discuss

What are the different activities for which we use water?  
Observe the picture and talk about it.

We use water for many of our daily activities. We drink water to keep ourselves healthy. We use water to bathe, cook, wash clothes and grow plants. We cannot live without water.

**Vocabulary:** Bathe, Drink, Wash, Grow, Cook, Pour, Brush
